EXCLUSIVELY FEATURES

*Legendary Beef.
Legendary Quality.*

Over the years since being founded, Harris Ranch has grown but still controls all aspects of production – from where and how our cattle are raised through feeding, processing and distribution. Few beef companies other than Harris Ranch can truly claim control of the entire process from start to finish. Plus, no other fed beef processor can make our exclusive California grown claim.

FROM FARM TO FORK

At Harris Ranch, our beef cattle spend approximately 85% of their lives grazing on grass on western ranches before being finished at Harris Feeding Company for about 120 days. The nutritionally balanced diet of corn and other feed grains, plus alfalfa hay, vitamins and minerals helps add flavor, tenderness and juiciness to the beef.

- Grain fed for superior flavor and quality
- Minimally processed with no artificial ingredients or preservatives
- Cattle feed tested to ensure it is free of pesticide residues
- Finished beef tested for antibiotic residues above USDA standards
- California Grown by ranching families committed to animal welfare
